2001-2004

Thank you to all the volunteers who helped at WREN's Visibility site clean up and flower bed planting this past Saturday, September 20th on Woburn's Neighborhood Day Weekend.

The visibility site is located off Route 128 , Rt 38 exit, EXIT 35, toward Woburn/ Wilmington.

We had a good and productive day. Approximately 40 volunteers helped throughout the day long event. Volunteers worked from 9 AM to 3 PM digging out plants from the old flower beds and leveling off the soil. They then split the Stella D'oro daylilies, removed any visible weeds and sorted the daffodil and grape hyacinth bulbs for replanting.

After shaping the new flower bed and making two large W's with the Stella D'oro daylilies the daffodil and hyacinth bulbs were replanted. Any left over plants and bulbs were given to some of the volunteers who took them home to plant in their yards.

Plans are under way for the delivery of cedar mulch later this week for the finishing work at the visibility site.

This project could not have taken place without the hard work of the many volunteers who came to help. We wish to once again express our gratitude to Brian Grace and Woburn Pack 502 Cub Scouts and their parents, Talya Oberfiels and friends plus the many other WREN friends and members who helped at this or other WREN projects throughout the year.

TOUCH A TRUCK September 21st

Last Sunday's Touch-a-Truck and Car Show event was an astounding success. We sincerely appreciate everyone's contribution. More than 3,000 guests were estimated to Have joined the fun. We sincerely appreciate the efforts of everyone who contributed to this popular community event.

The wonderful results were clearly reflected on the children's smiling faces and further evidenced by the many accolades from attendees of all ages.

Thank you!, Ernie Agresti, Cummings Properties

[Touch a truck was a successful event, we raised over \\$800 Dollars after expenses, Thank you all for your participation.](#)

A special Thanks to Peterson Party Supply and Showcase Cinemas for there enrichment contributions to make it all possible.
